

## 10-class schema

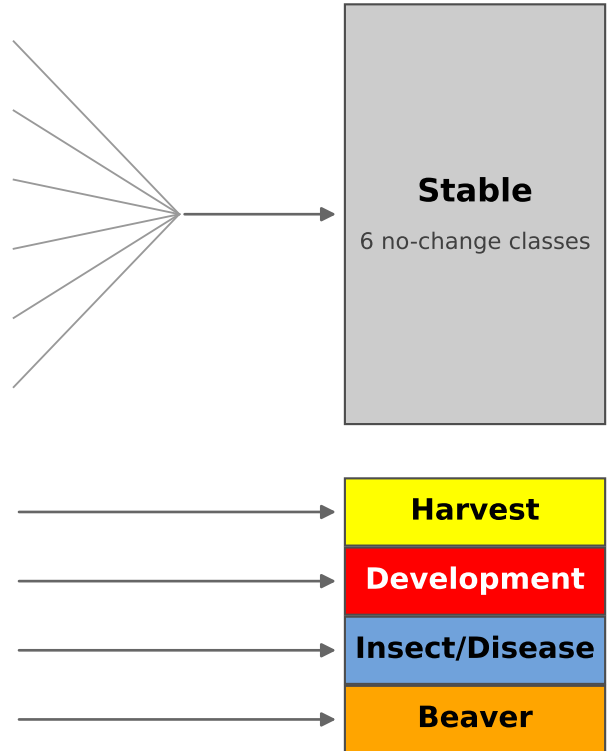

*No-change (stable)*

|   |             |
|---|-------------|
| 3 | Forest      |
| 4 | Urban       |
| 5 | Water       |
| 6 | Agriculture |
| 7 | Grass/Shrub |
| 8 | Wetland     |

*Change (disturbance)*

|    |                |
|----|----------------|
| 1  | Harvest        |
| 2  | Development    |
| 10 | Insect/Disease |
| 9  | Beaver         |

## 5-class collapse

Class code shown in each swatch. The 5-class collapse folds the six stable classes into Stable and keeps the four change classes.
